SUBJECT ISSUANCE AND SAFEKEEPING OF POSTAGE STAMPS	POLICY NO. 404.6	EFFECTIVE DATE 5/22/95	PAGE 1 of 6
APPROVED BY: Original signed by: ARETA CROWELL Director	SUPERSEDES N/A	ORIGINAL ISSUE DATE 5/22/95	DISTRIBUTION LEVEL(S) 1, 3

PURPOSE

- 1.1 To establish Department of Mental Health (DMH) policy and procedure for adequate and efficient internal controls over the issuance and safekeeping of postage stamps.

POLICY

- 2.1 The DMH provides postage stamps to Clinics, Bureaus, and Divisions on an as-needed basis when it is determined that expediting a particular mailing process is necessary.
- 2.2 Postage stamps must be safeguarded and accounted for as they are easily negotiable, portable assets.

PROCEDURE

3.1 Requisitioning and Replenishing

- 3.1.1 Requisition postage stamps from the Accounting Division per Accounting Division procedure (Attachments I and II).
- 3.1.1.1 **NOTE:** The maximum postage stamps on hand at the clinic should not exceed 200 postage stamps or a three-month supply, whichever is less.
- 3.1.2 The postage stamps should be secured in a locked file, box, or safe (hereafter, referred to as the "**Safe File**"). Access to the Safe File should be limited to the primary Designated Custodian and the Clinic Manager or designee.
- 3.1.3 Clinic Manager or designee updates the Postage Stamp Log (**Safe File**) (Attachment III) when postage stamps are replenished from the Accounting Division:
- 3.1.3.1 Record date postage stamps are received from Accounting Division.
- 3.1.3.2 Record number of postage stamps issued by Accounting Division in the Transferred/Replenished/Comments section.

- 3.1.3.3 Record the name of Accounting Division's postage stamp clerk in the Transferred/Replenished/Comments section.
- 3.1.3.4 Record the name of the designated messenger picking up postage stamps from the Accounting Division.
- 3.1.3.5 Record the total number of postage stamps received in the IN column. Adjust balance accordingly.
- 3.1.3.6 Add the quantity of postage stamps by cent value issued by the Safe File balance.
- 3.1.3.7 The total number of postage stamps in the IN column and the Gross Total in the preceding line will provide a **new** gross total. (To double check, add the current inventory balance by cent value.)
- 3.1.3.8 Add the Custodian's Desk balance and the Safe File balance by cent value to receive the **Gross Total** postage stamps on hand.
- 3.1.4 Clinic Manager or designee replenishes the **Custodian's File** (Attachment IV) with postage stamps from the Safe File on a weekly basis (or as needed). Only one week's supply of postage stamps should be maintained in the Custodian's file. (The Custodian is generally the Clinic Manager's Secretary.) Appropriate changes are then recorded to the logs:
 - 3.1.4.1 Record the date of transfer.
 - 3.1.4.2 Record the name of Clinic Manager or designee transferring postage stamps.
 - 3.1.4.3 Record the name of Custodian receiving postage stamps.
 - 3.1.4.4 Record the number of postage stamps transferred to the Custodian's Desk **from the Safe File** in the **OUT** column; adjust balance accordingly.
 - 3.1.4.5 Record the amount of postage stamps transferred from the Safe File **to the Custodian** in the **IN** column; adjust balance accordingly.
 - 3.1.4.6 The Gross Total column should remain the same as the balance recorded on the previous line since no external exchange of postage stamps has taken place.

Each time the Primary Designated Custodian transfers responsibilities to a secondary custodian, a record of the transfer should be made and kept on file. Likewise, each time the secondary custodian transfers responsibilities back to the Primary Designated Custodian, a record of the transfer should be made. (EXAMPLE: breaks, lunches, days off, etc.) Each custodian will be held accountable for all postage stamp activities occurring at the time of his/her custodial responsibilities.

3.2.5 Custodians may perform a reconciliation/verification of postage stamps any time the "transfer of responsibility" occurs.
